

Moser Baer's
Aquashield

Your impression lasts forever!

Presenting your favourite CDR/DVDR/DVD DL with Moser Baer's 'Aquashield'

Ever lost your favorite Printed labels to water or lost them out to spilled coffee?

Forget about those bad times when a printed disc would get smeared or smudged because of misture, wet hands, spilled liquid or rain water. Try using the latest Moser Baer's 'Aquashield' Waterproof Inkjet & forget the smudged or smeared labels forever!

About the Company

Moser Baer, headquartered in New Delhi, is a leading global technology company. Established in 1983, the company successfully developed cutting edge technologies to become the world's second largest manufacturer of Optical Storage media formats like CDs, DVDs and Blu Ray. Infact, it was among the first to market the next-generation of storage formats like Blu-ray Discs and HD DVD. It has the world's largest single location optical media factory, with strong in-house R&D. Its products are sold in over 80 countries, with EU, US and Japan taking majority share. World's top OEM brands buy from Moser Baer due to its superior technology, quality, cost competitiveness and respect for IP.

Recently, the company has transformed itself from a single business into a multi-technology organization, diversifying into exciting areas of Solar Energy, Home Entertainment and IT Peripherals & Consumer Electronics.

Moser Baer has over 6,000 full-time employees and multiple manufacturing facilities in the suburbs of New Delhi.
