

MBI Confidential

# MBI Media Compatibility : DVDR/RW Formats on DVD- RW IT Drives

(Date : 28-04-09)

## Advanced Media Lab, Engineering Department

### Table of Contents :-

Contents :-	Page No.
Media Compatibility : DVD+R 16x	3
Media Compatibility : DVD-R 16x (MKM)	6
Media Compatibility : DVD-R 16x (FF)	9
Media Compatibility : DVD+RW 4x	12
Media Compatibility : DVD-RW 4x	15
Media Compatibility : DVD-R 4x (MINI)_HC	18
Media Compatibility : DVD-RW 2x (MINI)_HC	21
Media Compatibility : DVD+R DL 8x (1P)	24
Drive / Firmware Change History	27
Sample Change History	29

Advanced Media Lab, Engineering Department, Moser Baer India Ltd  
Media Compatibility : DVD+R 16x

Updated : 28-04-09

### Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

### Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

Advanced Media Lab, Engineering Department, Moser Baer India Ltd  
Media Compatibility : DVD-R 16x

Updated : 28-04-09

Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

**Advanced Media Lab, Engineering Department, Moser Baer India Ltd**  
**Media Compatibility : DVD-R 16x**

Updated : 28-04-09

#### Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

#### Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

**Advanced Media Lab, Engineering Department, Moser Baer India Ltd**  
**Media Compatibility : DVD+RW 4x**

Updated : 28-04-09

#### Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

#### Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

Advanced Media Lab, Engineering Department, Moser Baer India Ltd  
Media Compatibility : DVD-RW 4x

Updated : 28-04-09

### Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

### Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

**Advanced Media Lab, Engineering Department, Moser Baer India Ltd**  
**Media Compatibility : DVD-R 4x (MINI)\_HC**

On IT Drives

Legends :

-  These drive supports only DVD +R format
-  These drive supports only DVD -R format
-  Slim Type Drives
-  Drive can't support this format .

Color Codes :

-  This shows that media is Not Sensed by the Drive.
-  The media encountered Writing or Readback Error.
-  The media supported at lower speed than rated speed.
-  The media encountered speed drop in writing or Readback.
-  This combination is perfectly according standard.
-  The media perform marginally on the drive.

## Media Compatibility : DVD-RW 2x (MINI)\_HC

Legends :

-  These drive supports only DVD +R format
-  These drive supports only DVD -R format
-  Slim Type Drives
-  Drive can't support this format .

Color Codes :

-  This shows that media is Not Sensed by the Drive.
-  The media encountered Writing or Readback Error.
-  The media supported at lower speed than rated speed.
-  The media encountered speed drop in writing or Readback.
-  This combination is perfectly according standard.
-  The media perform marginally on the drive.

Advanced Media Lab, Engineering Department, Moser Baer India Ltd  
Media Compatibility : DVD+R DL 8x (1P)

#### Legends :

	These drive supports only DVD +R format
	These drive supports only DVD -R format
	Slim Type Drives
	Drive can't support this format .

#### Color Codes :

	This shows that media is Not Sensed by the Drive.
	The media encountered Writing or Readback Error.
	The media supported at lower speed than rated speed.
	The media encountered speed drop in writing or Readback.
	This combination is perfectly according standard.
	The media perform marginally on the drive.

## Drive / Firmware Change History

## Major changes in from 05-12-07 :-

SN	Category	Study No.	Date	Old F/W	New F/W	Action	Remark
